22nd International Symposium on Signal Transduction at the Blood-Brain Barriers, September 11th – 13th, 2019 in Würzburg, Germany

ABSTRACT / POSTERS

BBB 2019 welcomes abstract submissions from scientists, clinicians, academics and students. Share your best research! This career-enhancing opportunity to share important new findings should not be missed.

We invite you to send one or more abstracts. The fee for one abstract submission is included in the registration fee. The fee for each additional abstract is 25 Euro.

Abstracts can be submitted for oral or poster presentations.

Abstracts will be published in Fluids and Barriers of the CNS.

In order for the abstract to be published, you must register by June 15, 2019. Abstracts can only be submitted online – please use the form on the BBB 2019 website

Abstract Guidelines (see the example below)

- Length: 2000 characters (not including the title, authors, affiliations, and grant support)
- Abstract must be in English

Example

Presentation title
Jan Kowalski¹, Ewa Kowalska¹,²
Affiliation(s), address(es) and e-mail of the corresponding author.
Text (2000 characters max.):
Grant support:

Please indicate your preference:

- Communication form: Oral presentation or poster
- Related to one of the topics listed below (underline please).
 - o BRAIN BARRIERS IN DEVELOPMENT AND HOMEOSTASIS
 - o NOVEL CONCEPTS IN DRUG DELIVERY ACROSS THE BRAIN BARRIERS
 - IN VITRO MODELING AND 3R
 - NOVEL APPROACHES IN ENGINEERING BRAIN BARRIERS
 - MOLECULAR MECHANISMS REGULATING BARRIER INTEGRITY
 - o PATHOLOGY OF THE BRAIN BARRIERS
 - o LIFE STYLE, DIET, AND THE BARRIERS
 - o ROLE OF BBB IN INFECTION

The authors give permission to publish the abstract in Fluids and Barriers of the CNS:Yes.....No

The content of the abstract has not been published before, either as a full paper or as part of a meeting proceedings Yes.......No.

Note that only unpublished abstracts can be submitted for publication. If abstracts have been published before, they can still be presented at the conference; however, they cannot be published in Fluids and Barriers of the CNS as this would count as duplicate publication.
